

MULE HAND TRUCK

Product Description

This versatile aluminum upright dolly is ideal for transporting ADCO mini- and jumbo mules stacked with product long distances over extremely rough terrains!

It is also the perfect companion be it in a shop, retail store, warehouse or garage at home. The ergonomic double u-loop handle is wrapped in soft- polymer that enables firm grip and optimal direction control.

Extruded aluminum side rails with riveted crossbars provide reinforced strength and rigidity. Beveled nose plate and secondary 16-inch folding u-brace provide secure storage and flexible transport options.

10-inch inflated tires ensures a smooth ride and an extended life cycle.

Lightweight and built to last, this dolly offers a 300 lb. capacity for large loads and a guaranteed easy transport!
