

WALL SHELVING 24" X 48"

Product Description

This heavy-duty wall-mounted storage system utilizes every square inch of upper wall space to densely pack products off the floor and create space!

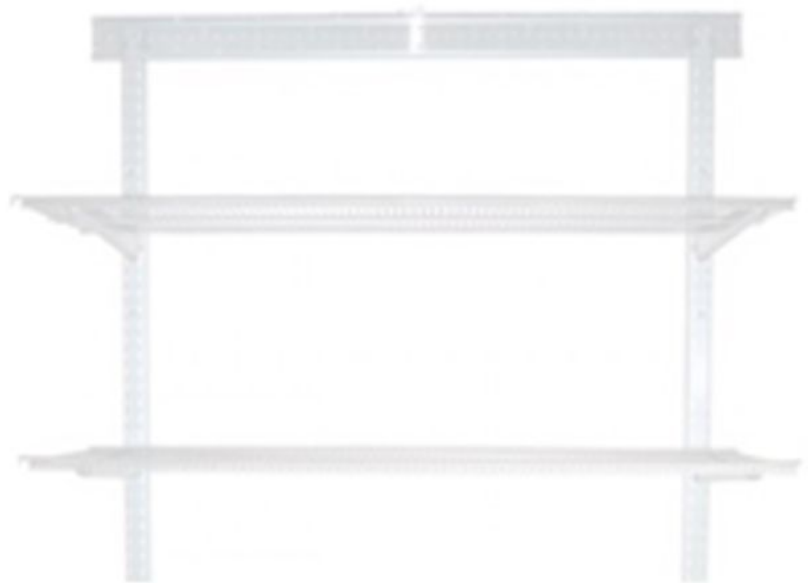

Powder-coated, all-steel construction guarantees this shelving system is built to last! Shelves may be quickly adjusted to accommodate any storage need, able to carry up to 250 lbs. of storage capacity.

Each shelf consists of 31 crossbars per foot (twice of other brands), ensuring products stay in place and don't tip. Easy to install in any location; above doors, desks, sinks, etc.

Works in conjunction with other ADCO free-standing shelving systems and dollies. NSF approved. (Attachments sold separately).
